Foundation Fighting Blindness

The urgent mission of The Foundation Fighting Blindness (FFB) is to drive the research that will provide preventions, treatments and cures for people affected by retinitis pigmentosa (RP), macular degeneration, Usher syndrome, and the entire spectrum of retinal degenerative diseases.

FFB is the largest non-governmental funder of retinal degenerative disease research in the world, funding over 150 leading-edge research studies in promising areas such as genetics, gene therapy, retinal cell transplantation, artificial retinal implants and pharmaceutical and nutritional therapies at 40 prominent institutions throughout the world.

FFB was named one of *Worth Magazine's* "100 Best Charities" and is listed as a "Top-Rated" charity by the American Institute of Philanthropy.
